

Case 6

This is the service utilization map for a 5 year old boy with emotional /behavioural problems. Starting at the top of the page follow the arrows to the various services that were accessed by the family. Features to note include:

- Child Protection Services involvement appears to facilitate child's entry into the Children's Specialty Services Centre
- Pediatrician could have potentially referred the child to the Children's Specialty Services Centre at an earlier age
- A relatively quick track into intensive in home services once the child entered the Children's Specialty Services Centre.
